DETAILED ACTION

Response to Amendment

1. The declaration filed on January 15, 2009 under 37 CFR 1.131 has been considered but is ineffective to overcome the 35 USC 103 rejection, which is maintained and hereby made FINAL. Applicant has not provided the reference of van Schalkwijk et al., therefore it cannot be determined whether the quoted numbers are expected or unexpected. Furthermore, it is not persuasive that the quoted “unexpected” property that Applicant referred to is sufficient to confer patentability over the instantly claimed compound. Applicant is invited to provide further information.

Conclusion

2. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
